

ANC 3/4G March 28, 2022 Public Meeting  
Q&As and Chat Log

**Q&As**

Carrie Broquard 7:57 PM

At Lafayette, our early literacy data at middle of the year benchmark is as strong as (if not stronger in some areas) our middle of the year data from 2019-2020 school year before we pivoted out.

I'm happy to bring that data to the ANC a little later this month.

Carrie Broquard 8:00 PM

Lafayette has also been running school year acceleration all Year that has shown success with students. Our acceleration with our MTSS (multi tiered student supports), we are seeing students make really impressive progress.

Tom Sneeringer 8:25 PM

can a candidate self-fund without limits and still qualify for the 5-1 match for small contributors? [ANSWERED LIVE]

Teddi Ann Galligan 8:44 PM

I just looked for input.com/chevychase and I got a 404 page not found message. Please post the proper website. Thank you.

Connie K. N. Chang, ANC 3/4G-05 (You) 8:46 PM

The draft Chevy Chase Small Area Plan can be found at <https://publicinput.com/chevychase>

Michele Wolin 8:45 PM

Is the ANC thinking of doing something to reach out to the community on this? Many people aren't following this. I seem to remember at one point there was a thought of sending postcards to alert people to what was happening. [ANSWERD LIVE]

Teddi Ann Galligan 9:19 PM

You can set Zoom so only people you admit can join. Maybe have someone 'mind the door'?

Michele Wolin 8:46 PM

Why is Historic CCDC working so much with Ward3 Vision?

Charles Cadwell 9:11 PM

Ward 3 Vision has their perspective and their expertise. It is not the only relevant expertise and point of view. HCCDC's comments on the draft SAP will be independently developed by our Board. Our hope for the event is to look at what the draft plan does to achieve the broad goals

that were laid out earlier in the process. So a question many of us have had is how an SAP gets put into practice. This is a chance for the community to have input into the broad plan. What specifically can we recommend be changed or added? Our panel will be questioned by HCCDC President Carl Lankowski and we aim for the discussion and audience input to be part of our work to inform ourselves and our neighbors. As you heard from Connie, there are other events being organized as well. We agree with you that we want as wide engagement with the document, now that one exists, as we can help generate.

At Lafayette, our early literacy data at middle of the year is as strong as (and in some places stronger) than our middle of year early literacy data from 2019-2020 before we pivoted out.

Happy to bring that data and share with the ANC a little later this month

20:07:21 From Bijan Verlin to Host and Panelists:  
This went out to the Brightwood community this year: The CIP this year announced that your school will receive a new playground. DCPS and the DC Department of General Services (DGS) work to implement stabilization (small capital) projects in one year. DGS will hire a design build contractor to design and construct the playground for your school. In the Mayor's proposed budget, project funding is slated for Fiscal Year 2023. Following this schedule, the goal is to have your playground completed for School Year 2023-2024.
