I'd like to understand why no one currently representing the Friends of the Field or Neighbors who's property borders the field were allowed to participate on the Task Force. You have at least 4 representatives that are outspoken supporters of Maret and the proposed field and have been publicly dismissive of neighbors concerns. I would like Lisa to explain how this task force is fair representation.

I am curious what the track record is of moving trees of this size in terms of those that survive and those that do not. I understand that this is a somewhat new technique. Thank you.

mary callahan to Everyone (Jan 18, 2023, 7:38 PM)

Who are considered "direct neighbors" to the Maret development? There are a number of neighbors who live on the other side of Utah, which is a separate single member district from our neighbors directly across the street, who also are and will be quite directly affected by noise, waste removal, substances in the air, and many other factors. We seem to be regularly overlooked in "direct neighbor" communications.

Nancy Voisin to Everyone (Jan 18, 2023, 7:39 PM)

Mr Osborne has mistakenly represented to the public that the BZA decision is final. The BZA has not issued its finding of facts or conclusions of law in a written order. It is important to get the facts right. The written order, when issued, will be appealable to the DC court of appeals. Because the BZA vote from 2022 is not the final word, many neighbors have expressed concerns about the tree removal occurring before anyone knows what the final outcome is.

Important that the Task Force that is advising the ANC be able to respond to basic questions affecting the neighbors.

rebeccamaydak to Everyone (Jan 18, 2023, 7:41 PM)

I would like to know the answers to Bruce Sherman's questions.

Nancy Voisin to Everyone (Jan 18, 2023, 7:42 PM)

Everyone would.

Kathy Abbruzzetti to Everyone (Jan 18, 2023, 7:43 PM)

Ms. Backus not wanting to address Bruce's questions is exactly why I'm extremely concerned about the make-up of the task force and fair representation of our concerns.

mary callahan (Jan 18, 2023, 7:46 PM)

I agree.

Here is the ANC Racial Equity Task Force website that Commissioner Gore is referencing

Nancy Voisin to Everyone (Jan 18, 2023, 7:54 PM)

Thank you Chairwoman Gore. Would you please also correct the error by the Task Force in suggesting that the 2022 BZA vote is the final word? Important for the participants to understand as it relates directly to the removal of trees prior to anyone knowing the BZA's findings of fact and conclusions of law. Thank you.

Jon Axelrod to Everyone (Jan 18, 2023, 7:55 PM)

The task force was not established to promote the Maret project. It is solely to resolve disputes concerning Maret's compliance with the MOU in the construction phase only. Much of tonight's discussion went well beyond compliance.

Kathy Abbruzzetti to Everyone (Jan 18, 2023, 8:00 PM)

With all due respect there have not been personal attacks in the chat. As concerned neighbors we have every right to question the process, the decisions and the statements made. This committee's attempt to silence the concerns being expressed does not follow the transparency and collaborative approach being referenced by the committee.

Marek Gootman to You (Direct Message) (Jan 18, 2023, 8:05 PM)

Unmute me.

You to Marek Gootman (Direct Message) (Jan 18, 2023, 8:06 PM)

done

Nancy Voisin to Everyone (Jan 18, 2023, 8:06 PM)

Thank you Commissioner Sherman. A statement of the facts is not a personal attack on the Task Force.
