ANC 3/4G Commissioners and Task Force Members:

This morning, DDOT Inspector Blunt was on the Maret-ECC project site because a neighbor had called. He let us know that we would need to remove the orange fencing along Nebraska Avenue and replace it 40 feet from the curb, out of the public space. He also removed the protest signs because they are not in compliance and let us know that we would need to move our rendering sign as well. We plan to replace our vandalized sign with a new one and will re-install it at the 40-foot line.

The tree relocation project continues to move forward. If there are any amendments to our plans, we'll stay in touch.

—
