

18:57:32 From ANC 3G Chevy Chase to Everyone:
Good evening folks! We'll be starting soon! Please stay muted for us! Thanks!

19:05:50 From Judy Licht to Everyone:
The sound is terrible – there is an echo and it is illegible

19:08:37 From Judy Licht to Everyone:
Hello, is anyone paying attention to the sound problem?

19:09:07 From ANC 3/4G – Video to Everyone:
Is anyone else having difficulty with the audio?

19:09:12 From K Simmons to Everyone:
No

19:09:38 From Bernadette Gibbons to Everyone:
Yes, we are having trouble understanding Lisa. There is a bad echo on her mic.

19:11:14 From K Simmons to Everyone:
Try turning on closed caption

19:11:45 From Judy Licht to Everyone:
I want hear it not read it.

19:11:58 From K Simmons to Everyone:
Try earphones

19:12:14 From Laura Heinrich to Everyone:
Really impossible to understand

19:12:16 From Judy Licht to Everyone:
Why tell me that, why not fix it.

19:12:54 From K Simmons to Everyone:
I can hear, I'm offering you options to hear better

19:13:21 From Andrea Rosen to Everyone:
We can hear the attorney quite clearly. Just no one else.

19:13:23 From Kathleen Le Dain to Everyone:
I have the captions on but they're not very complete because the audio is so difficult to hear.

19:14:40 From Claudia Russell to Everyone:
The speaker at the guest microphone can be heard very clearly. Can that mic be used by the commissioners? Thank you.

19:15:33 From ANC 3/4G – Video to Everyone:
Replying to "The speaker at the g..."

The speaker is participating virtually via Zoom.

19:16:09 From Elizabeth McPike to Everyone:
Ditto the above comment...the current speaker is MUCH clearer and louder than the commissioners.

19:16:31 From K Simmons to Everyone:
Speaker is on zoom

19:18:18 From Luci Cambria to Everyone:
We cannot hear him at all.

19:19:02 From Judy Licht to Everyone:
Why don't you give each speaker a good microphone.

19:19:23 From Judy Licht to Everyone:
I can't hear you, commissioner Gore.

19:21:35 From ANC 3/4G – Video to Everyone:

Commissioner Zeldin will enter this into TOPS before July 12 when the BZA appearance is – is that correct?

19:21:38 From Bernadette Gibbons to Everyone:

I also can't hear

19:21:50 From Susan Price to Everyone:

We can hear each other on Zoom, we just can't hear the commissioners who are coming out garbled.

19:21:56 From Judy Licht to Everyone:

This is a joke if you don't fix the sound

19:22:29 From Eric Weinstein to Everyone:

I cant hear anything

19:23:58 From Andrea Rosen to Everyone:

Just so the Commissioners know, the closed captioning is really quite bad.

19:29:15 From Eric Weinstein to Everyone:

You

19:30:14 From Eric Weinstein to Everyone:

U r a joke this is nt working

19:32:25 From Andrea Rosen to Everyone:

It is remarkable that the guest microphone works, while the Commissioners' mics do not. I realize the Commissioners can't fix this in real time, but before the next meeting, please!

19:37:08 From Judy Licht to Everyone:

They could go stand at the guest microphone when they speak.

It is intolerable not to be able to hear.,

19:40:06 From John Higgins to Everyone:

I have read the proposed bus resolution and support it. John Higgins Knollwood LifePlan Community

Replying to "I have read the prop..."

Thank you John

19:42:03 From Andrea Rosen to Everyone:

Could Lisa stand at the guest mic?

19:42:17 From Andrea Rosen to Everyone:

She should know that much of what she's saying is lost.

19:42:26 From ANC 3/4G – Video to Everyone:

Replying to "It is remarkable tha..."

We've prioritized the audience microphone – but yes, this is a work and progress, and we are making adjustments going forward to improve audio. We want everyone to be able to clearly hear our meetings and we know we have work to do.

19:44:21 From Kathleen Le Dain to Everyone:

Sorry but none of this can be heard.

19:44:48 From Cynthia Collier to Everyone:

Could you clarify: are you proising to raise the procedural issues around the E6 as a separate issue from this letter?

19:47:14 From Cynthia Collier to Everyone:

I think procedure issues are likely beyond the scope of the

Better Bus team, so would be better addressed in full separately

19:52:59 From Andrea Rosen to Everyone:

Better yet, use the guest microphone!!!!

19:53:01 From Libby Martin to Everyone:

Thank you to DC Arts Director. Applying for a grant for next year for a community focused arts project is an exciting prospect!

19:55:32 From Andrea Rosen to Everyone:

Can someone summarize Peter's conundrum for the 38 people attending by Zoom? Or ask him to recap at the guest mic?

19:55:43 From Ron EICHNER to Everyone:

can't understand a word Peter is saying

19:55:56 From Cynthia Collier to Everyone:

Replying to "Can someone summariz..."

Please do this

19:58:05 From ANC 3/4G – Video to Everyone:

Paraphrasing, but Commissioner Gosselin was talking about a ZDD recommendation on the draft zoning text amendment, but he felt the ANC should vote on it tonight because he think there is consensus and it could influence the Office of Planning before they make their next presentation on June 26 to the ANC

19:58:28 From Andrea Rosen to Everyone:

Thank you.

19:58:59 From Michele Wolin to Everyone:

Can't understand Lisa, either.

20:01:21 From Andrea Rosen to Everyone:
PLEASE READ IT AT THE GUEST MIC!

20:01:29 From Ron EICHNER to Everyone:
The recommendation says that ZDD believes the NC-19 zone is inconsistent with Comp Plan and SAP because the Development Stds are for MU5 which is Medium Density Residential and Comp Plan calls for Moderate Density

20:01:30 From Steven Seelig to Everyone:
Please post it to the chat!

20:02:23 From ANC 3/4G – Video to Everyone:
This is Commissioner Ferguson – I have not seen this particular document, so I can't easily share it in the chat. I can't even see it here in person on the screen.

20:02:35 From ANC 3/4G – Video to Everyone:
Chair Gore is getting a link to post in the chat.

20:03:25 From Steven Seelig to Everyone:
I read what Ron said that it said. But I think this is written in a bunch of zoning and planning language that is really hard to decipher.

20:03:42 From ANC 3G Chevy Chase to Everyone:
Link to recommendation: https://anc3g.org/wp-content/uploads/2023/06/ZDD-NC-19-zoning-recommend-5_25_23.pdf

20:04:41 From Steven Seelig to Everyone:
I also think that the resolution should specifically reference the height and density that the ANC believes OP and the ZC should provide for this parcel. Otherwise the community has really no idea about what the resolution says except that the ANC is against something

20:05:12 From Ron EICHNER to Everyone:
Still can't understand what Peter is saying. Not one word

20:05:15 From Nancy Wilson to Everyone:
Peter, your statements are so gargled that it is impossible to understand what you are saying.

20:05:26 From Steven Seelig to Everyone:
If the ANC cannot provide that, I would say no more should move forward.

20:06:10 From Andrea Rosen to Everyone:
The resolution might reference the density designation on the FLUM and tell DMPED/OP to choose a relevant zone or zones.

20:06:38 From Nancy Slade to Everyone:
Cannot understand anyone.

20:07:05 From Andrea Rosen to Everyone:
If the topic weren't so important, this would be comical.

20:07:18 From Ron EICHNER to Everyone:
NC-18 is Moderate Density Residential. Very similar development standards to MU4 zoning.

20:07:54 From Andrea Rosen to Everyone:
Ron: Then why not use MU-4, which OP told us repeatedly would be the likely zone.

20:09:18 From Elizabeth McPike to Everyone:

How about a resolution saying nothing higher than the sketches of buildings presented in the SAP, which is what the community (or at least the minority of the community who even knew – in the midst of

20:09:27 From Andrea Rosen to Everyone:

Will DMPED be returning, and actually staying, on June 26?

20:09:44 From Elizabeth McPike to Everyone:

Covid – what was going on).

20:10:20 From Michele Wolin to Everyone:

I hope the minutes of this meeting are good. Can't understand anything.

20:10:48 From Ron EICHNER to Everyone:

Replying to "Ron: Then why not us..."

That's what I would do. Perhaps with some sort of Special Exception of an additional floor if certain conditions re: open space or affordability are met. But MU4 should def be the base zone

20:12:50 From Claudia Russell to Everyone:

The language in this letter uses the word "might" in item 2. The operative word is "will" permit overly large or dense buildings and will reduce open space. This is fact. The developer may choose to not meet the Full zoning requirements, but this zoning classification allows for overly large and dense buildings and will reduce open space.

20:15:26 From Ron EICHNER to Everyone:

The question was asked at the OP visit, Chair Gore followed up with a letter asking OP to clarify their unintelligible answer in writing.

20:18:11 From Ron EICHNER to Everyone:

What was the vote on?

20:18:31 From Andrea Rosen to Everyone:

Whether to table the resolution.

20:18:37 From Michele Wolin to Everyone:

Difficult for the community to comment when we can't understand what's going on.

20:18:42 From ANC 3/4G – Video to Everyone:

The vote was on a motion to table the ZDD's recommendation until after the June 26 meeting.

20:20:15 From ANC 3/4G – Video to Everyone:

The result was 6 yea, 1 nay (Gosselin)

Mayor Muriel Bowser is launching a community input survey and will soon host a tele-townhall to gather perspectives from residents on their priorities for the next police chief. This week, the Metropolitan Police Department (MPD) Chief Robert J. Contee III retired, and the District is continuing the nationwide search for the new chief of police.

"As we continue our nationwide search for a new police chief, I encourage all Washingtonians to provide their input on the future of public safety in DC and the next Chief of Police."

Residents can access the community input survey [HERE](#). The

survey is designed to take approximately ten minutes for residents to complete. The survey will close on Wednesday, June 14 at noon.

On Thursday, June 15 at 6 pm, Mayor Bowser invites residents to p
